

ENGLISH LESSON

MONDAY

1. Today we are going to talk about animals . At the beginning let's listen to the song " I Have A Pet".

<https://youtu.be/pWepfJ-8XU0>

2. Then, parents are showing the flashcards with animals and kids' task is to name each one. The flashcards are attached.

3. After that children are offered to work with a worksheet which is attached. Color the animals, cut them out, and paste them on the corresponding silhouette.

If you can't print the worksheet, please ask children to show matching pets with their silhouettes.

4. Kids love making their own aquarium filled with colorful fish! Now we are working with the second worksheet. Color the fish, cut them out, and paste them into the aquarium. While children are pasting, use the opportunity to talk to them about the colors of their fish and ask them how many fish are in their aquarium.

In case you can't print this worksheet, please create your own aquarium on the separate sheet of paper.
