

## **ENGLISH LESSON**

### **MONDAY**

1. Today we are going to talk about animals. At the beginning let's listen to the song "I Have A Pet".

2. Then, parents are showing the flashcards with animals and name each one. The flashcards are attached.

3. Kids love making their own aquarium filled with colorful fish! Now we are working with a worksheet. Color the fish, cut them out, and paste them into the aquarium. While children are pasting, use the opportunity to talk to them about the colors of their fish.

*In case you can't print this worksheet, please create your own aquarium on the separate sheet of paper.*
