2. Then, let's have a look at the flashcards. The Animals On The Farm are having a concert! But watch out for the pesky mouse. Where is he hiding? Is he in, on, next to, or behind something? Please name each preposition to the kids.

3. After that, children and parents are offered to work with the worksheet. Practice farm animal vocabulary with this simple worksheet. Review the names of the animals and the sounds they make. Then, match the animals to their silhouettes.
